## News From Abroad

Word from Ben Johnson & Ryan Connolly, students 2009 - 2011

*Hi Paul,*

*Our season has finished here already so golf has stopped for the year and nobody wants to play which is quite annoying. All I can remember is hitting balls down on the range in what ever weather and you down there with us trying to help us. I miss college back at Lindfield, the work was easy, the golf was good, the teachers (well, Alan Dean) actually helped you with the work!! I remember the guys from Florida that came back to play, Bryan Rutherford said that he missed college, and he was right. The work out here is much more than expected and I am overwhelmed as to how much we have to do over the four years.*

*I have enjoyed it out here though, dislikes here and there but **I am living a dream.***

*Say hi to everyone for me at Lindfield*

*Speak to you soon*

*Ben Johnson*

*Hi Paul,*

*I just thought I would let you know how things are going over here. I'm all settled in now, really enjoying it and the school work isn't too hard but the amount is starting to increase. We have had 3 tournaments so far and I have played in all 3, we won our first 2 and had a 5th place in the third. In my second tournament we played against Sam Russell's team and in our next tournament Sam's team and Ali's team will be there. I haven't played as good as I can but I am holding my own within the team. My coach says he is pleased with the effort I put in and **often compliments on my swing.** I can't thank you, Tim, Denis and Alan enough for what you have done for me for the past 2 years. I hope everything is going well with the college.*

*Thanks again*

*Ryan.*
